## PRICE LIST

For pricing information, please contact our New Patient Coordinator Beverly Weinstein.

We do not participate in any provider networks but provide a detailed billing receipt, or "superbill," at the completion of each session. This can be submitted to your insurance company for their consideration if you have out-of-network coverage. Under certain circumstances, additional documentation for insurance purposes can be provided upon written request. As your therapeutic care provider, our ongoing relationship is with you and your family, not your insurance company. Charges for therapy are the responsibility of the child's parent and/or caregiver and are due at the time service is provided.

We suggest that you retain copies of all materials that are sent to your insurance company. It may also be helpful to have contact with your carrier prior to the first visit to establish their procedures for submitting evaluation and treatment bills.
